Our Well Baby Clinics are drop-in sessions where a Health Professional is available for a brief consultation about your Child's health. You can also weigh your baby at these clinics.

The Healthy Child programme recommends that you weigh your baby *no more* than once a month until your baby is six months old, then *no more* than every two months until 1 year.

Please note that at times, these clinics can be extremely busy and you may have to wait to be seen. During School Holidays or adverse weather conditions, opening times may vary, please check before attending.

PLEASE NOTE: THURSDAY PM DROP-IN IS FOR BREASTFEEDING SUPPORT ONLY
